

ONE AND DONE™

Canada's #1
preventative
pet product!

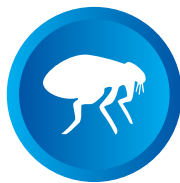

NexGard
SPECTRA™

The first and only **once-monthly** soft chew
to protect against all of the following:

Ticks

- Blacklegged (Deer) tick
(*I. scapularis*)
- American Dog tick
(*D. variabilis*)
- Lone Star tick
(*A. americanum*)

Fleas

- Protects
against fleas
all month long.

Intestinal worms

- Roundworm
(*T. canis*, *T. leonina*)
- Hookworm
(*A. caninum*)
- Whipworm
(*T. vulpis*)

Heartworm

- Protects against
heartworm
infections that
can be deadly
to dogs.

Lyme disease

- Reduction of
B. burgdorferi
infections by
killing *I. scapularis*
vector ticks.

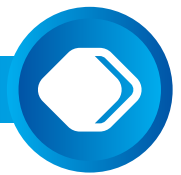

START AND STAY WITH NEXGARD SPECTRA™.

**Strong enough for the biggest breeds.
Safe enough for puppies.**

Tested in puppies as young as 8 weeks, and in a wide range of breeds (including those affected by MDR1 gene mutations).²

Contains no animal meat protein and is safe for most dogs with meat-based protein allergies.³

NEXGARD SPECTRA™: PROTECTION THEY PREFER.

Once-monthly NexGard SPECTRA™ is a beef-flavoured soft chew that dogs and pet owners love.

Easy to give.

- A highly palatable chew that can be given with or without food.
- Preferred by 95% of dogs over a triple-combination parasiticide.^{4*}

Easy to remember.

- A once-monthly treatment routine that pet owners prefer.⁵
- The **PetCare** reminder app can help make treatment compliance even easier.

NexGard SPECTRA™

* In a palatability study, NexGard SPECTRA™ was preferred 17.75:1 over a triple-combination parasiticide.
